When is it happening?

Winchester Pre school:

Arrive from 11am on 25th July
Leave after 4pm on 28th July

Where is it held?

It is held at the University of Winchester. Families are allocated a flat in blocks, normally used by students in term time.

This means that they are not designed for families (single beds), they are fully equipped with bed linen and are clean and comfortable.

It may be necessary on occasions for two families to share a flat and food is not provided.

How much will it cost?

We ask for a contribution of £150 per family (2 adults & 2 Children). This goes towards everything apart from meals.

Friends & family are welcome, but there is a supplement of £50 per person.

We do not want anyone to feel excluded on the basis of cost and we can help identify other sources of funding if necessary.

Summer Schools are heavily subsidised and DELTA welcomes any further donations towards the costs.

Helping deaf children to listen and talk

DELTA, every year run its annual Summer Schools. We do this by providing information, support, and encouragement for families who wish to learn more about how their profoundly or severely deaf children can learn to listen and talk following a Natural Aural Approach

2009 is our 25th year!

So please do join us for a very special Summer School!

Winchester Summer School
Helping deaf children to listen and talk

What will we be doing?

The purpose of DELTA Summer School is to provide advice, support and encouragement to families who want their deaf children to learn to listen and talk.

The children are looked after for the day by teams of qualified staff and experienced volunteers. The youngest can have fun in a well-equipped crèche whilst the older ones join in activity groups of their own age and interest.

What is covered?

The parents take part in informal discussion groups and workshops, led by professional lectures and teachers. Typical topics include:

Pre School (0-4 years)

- Maximising the use and maintenance of hearing aids and cochlear implants
- Supporting listening and language in the home
- Gaining the most from Pre school provision
- Making the best of the support available

The atmosphere is friendly, welcoming and informal. There is time to talk with other families and volunteers, many of whom are young deaf adults or parents of deaf children. There is always opportunity to speak with practitioners about specific concerns.

Why should I attend?

The best people to answer this are the previous attendees! Here are some quotes:

"A fantastic experience. We have come out feeling positive and excited about the future. Thank you very much."

"The children have had the most fantastic time. Everyone has been absolutely wonderful. We can't praise them enough."

"We have left the course feeling educated, uplifted and with an entirely positive outlook for the future."

Who can attend?

All families with severely or profoundly deaf children who want them to learn to listen and talk will find the Summer School beneficial and are welcome to attend. Please note that the natural Aural Approach does not include any use of sign language, so families who are already committed to its use will not find the Summer School relevant in content.

Summer School are aimed towards young children; of Pre school or Primary age. All family members and interested friends are welcome. The location is suitable for those with disabilities.

Want to know more?

If you would like to attend, please complete the attached application form and return it to us. If you have any questions, please contact us on 0845 108 1437.

Places are offered on a first come, first served basis. You will receive a follow up telephone call to discuss more details. A non-refundable deposit of £50 for Summer School will be requested once a place has been offered.
